PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on experience building secure, scalable, and high-performance web applications using the MERN stack (MongoDB, Express.js, React, Node.js). Proficient in Python, JavaScript, TypeScript, and modern cloud technologies. Passionate about AI/ML integration, DevOps practices, and delivering impactful digital solutions. Demonstrated ability to deliver complete client projects from concept to production.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), TypeScript, Python, Java, React.js, Node.js, Express.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend & Databases: MongoDB, REST APIs, JWT Authentication, Bcrypt, Resend Email API, Mongoose

Cloud & DevOps: Microsoft Azure (Fundamentals), Git & GitHub, Vercel, Render, DevOps Practices, CI/CD

AI & Automation: n8n Workflow Automation, Google Gemini AI, AI Chatbot Development, Generative AI, Web Scraping

Tools & Platforms: VS Code, Postman, Adobe Photoshop, EmailJS, Figma

PROFESSIONAL EXPERIENCE

MERN Stack Developer Intern — Zyneralifesciences

2024

- Built and deployed a full pharma company website from scratch using MERN stack
- Implemented medical information system with responsive design and SEO optimization
- Integrated email notification system and contact management features

MERN Stack Developer Intern — Soft Nexis Technology	2024
Developed full-stack web applications using MongoDB, Express.js, React, and Node.js Collaborated on API design and database schema optimization Implemented authentication and authorization systems	
Java Backend Developer Intern — Main Flow Services and Technology	2024
Designed and implemented Java-based backend services and RESTful APIs Worked on database integration and performance optimization Participated in code reviews and agile development workflows	
AI & ML Intern — CODEC Technologies	2024
Applied machine learning algorithms to real-world datasets Developed AI-powered automation features for web applications Researched and implemented generative AI integrations	
MERN Stack Developer Intern — Seed IT	2024
Built scalable full-stack web applications with modern UI/UX principles Integrated third-party APIs and payment gateways Maintained and optimized existing codebase for performance	
MERN Stack Developer (Vocational Training) — ZAGER	2024
Completed intensive vocational training in MERN stack development Delivered a complete web application as capstone project Gained hands-on experience with industry-standard development workflows	

KEY PROJECTS

Zyneralifesciences – Modern Pharma Website	zyneralifesciences.com
Tech: React, Node.js, MongoDB, Express.js Complete pharma client website with medical information system, responsive design, and integrated email notifications. Delivered end-to-end from design to production deployment.	
Instafame – Instagram Clone	social-mirror-frontend.vercel.app
Tech: MERN Stack, JWT, Socket.io Full MERN stack Instagram clone with real-time features, user authentication, post creation, likes, comments, and social follow system.	
WhatsApp Clone	fully-featured-chat-frontend.vercel.app
Tech: MERN Stack, Socket.io, WebRTC Real-time messaging application with end-to-end chat functionality, user authentication, and media sharing using WebSockets.	
Eco Guard Reporter	eco-guard-reporter.vercel.app
Tech: MERN Stack, Cloudinary, REST APIs	

Environmental reporting platform allowing users to report illegal dumping with image upload, geo-tagging, and admin dashboard.

TalentGrow – Student Networking Platform

talent-grow.vercel.app

Tech: MERN Stack, JWT, REST APIs

Student collaboration and networking platform for showcasing projects, finding team members, and professional networking.

Help Assistant – AI Chatbot

n8n.cloud/webhook/.../chat

Tech: n8n, AI/ML, REST Webhooks

Automated AI-based customer support assistant built with n8n workflow automation, integrated with AI for intelligent responses

Saurabh Hardel

Full Stack Developer

Full featured e-commerce platform with product management, shopping cart, order tracking, and payment integration.

QuickServe – Restaurant Management System

quickserve-1-frontend.vercel.app

Tech: MERN Stack, Real-time UI

Restaurant management and online ordering system with menu management, cart functionality, and order processing.

Deshmukh Shoe Center

deshmukh-shoe-center.vercel.app

Tech: React, Node.js, MongoDB

Client project for a shoe retail business with product catalog, responsive UI, and contact/inquiry management.

Smriddhi – Competitive Exam Platform

smriddhi2-0.vercel.app

Tech: MERN Stack, REST APIs

Online educational platform for competitive exam preparation with study materials, quizzes, and progress tracking.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering

2022 – 2026 (Expected)

University / College Name

CERTIFICATIONS

- **Google Students Ambassador** – Google
- **Campus Ambassador** – Unstop Academy
- **Gemini for Google Workspace** – Google Cloud
- **MERN Stack Development** – Mindluster
- **JavaScript Fundamentals** – GreatStack
- **Freedom With AI Masterclass** – AI Education
- **TATA AI Powered Gen-AI** – TATA
- **IITB Cyber Security Program** – IIT Bombay
- **React Development** – GreatStack
- **Azure Fundamentals** – Simplilearn

- **DevOps** – Simplilearn
- **Programming in Java** – Mindluster
- **AI for Beginners** – HP Life
- **HTML & CSS Practical Learning** – Mindluster
- **Graphic Design with Photoshop** – Mindluster
- **Python for Beginners** – Simplilearn
- **Introduction to Cyber Security** – Cyber Security
- **Web Development** – Web Dev Training
- **Python Web Scraping** – Scraper API
- **Effective Resume and Cover Letter** – TCS

ACHIEVEMENTS & HIGHLIGHTS

Google Students Ambassador – Represented Google on campus for student outreach

Campus Ambassador at Unstop Academy – Promoted tech competitions and learning

Delivered 2+ production client websites (Zyneralifesciences, Deshmukh Shoe Center)

Completed IITB Cyber Security advanced training program

Built 15+ full-stack web applications deployed on production

Completed 6 internships/training programs across MERN Stack, Java, AI & ML
